PITTSBURGH, PA, (December 22, 2009) — VoIP Innovations today announced it will have the latest version of its wholesale VoIP service at TMC's INTERNET TELEPHONY<sup>®</sup> Conference & EXPO East 2008, February 2-4, 2009 at the Miami Beach Convention Center in Miami, Florida ([www.itexpo.com](http://www.itexpo.com)).

INTERNET TELEPHONY Conference & EXPO, held February 2-4, 2009, is the world's largest and best-attended IP Communications trade show. At the 2008 east coast event last January, the show drew over 7,000 buyers and sellers of IP Communications products and services. The show in January will mark the 10<sup>th</sup> anniversary and be the 19<sup>th</sup> INTERNET TELEPHONY Conference & EXPO, and TMC once again projects total attendance to exceed 7,000.

"VoIP Innovations' participation at INTERNET TELEPHONY<sup>®</sup> Conference & EXPO exemplifies why this show is widely recognized as the #1 venue where service providers, enterprises, government agencies, developers and resellers gather to learn about the benefits inherent in IP Communications products and services," said Rich Tehrani, TMC President. "The evolution in this industry has been monumental and it still continues to grow. We are proud to have VoIP Innovations as a key part of this year's program."

"Each Internet Telephony Expo is always a successful and important part of our marketing initiatives," said Josh Lucas, Marketing Coordinator for VoIP Innovations. "We're looking forward to the 2009 East show in Miami."
